

Abt Associates Inc. PMI Evolve Project Uganda

INVITATION NO.3 FOR BIDS FROM PROVIDERS OF SERVICES FOR THE PMI EVOLVE PROJECT ACTIVITIES FOR THE YEAR 2023 TO 2024

In December 2022, U.S. President's Malaria Initiative (PMI) awarded Abt Associates Inc the PMI Evolve Project. The PMI Evolve Project will support PMI and U.S. Agency for International Development (USAID) missions and bureaus with the planning, implementing, and monitoring of malaria vector control programs in 21 countries. PMI Evolve is building on the prior projects' IRS, ITN, and larval source management (LSM) activities and entomological monitoring.

The new project is strengthening the capacity of local institutions, including national malaria programs, district health offices, and research institutions, to independently conduct vector control programs. PMI Evolve is also responsible for program evaluation and conducting operations research on new vector control innovations. The project is incorporating gender equity and social inclusion (GESI) and climate change initiatives as cross-cutting themes with the overall goal of ending malaria faster in Eastern Uganda.

Abt Associates Inc. now invites suitable qualified and interested reputable firms to submit sealed bids for services for the USAID funded PMI Evolve Project, as listed below:

A. Supplies:

1. Stationery supplies
2. Hardware Supplies
3. Personal Protective Equipment (PPEs)

4. Plastics
5. First Aid supplies
6. Printed Materials
7. Tools for Bulk Photocopying
